

ABSTRACT OF THE DISCLOSURE

A picnic table includes a table top with a pair of legs and a pair of benches or seat members with seat legs. The picnic table also includes a foot member with a generally C-shaped structure having a middle portion and two end portions. The middle portion of the foot member preferably includes connecting tubes that are selectively and slidably coupled to the table legs. The end portions of the foot member are preferably selectively and slidably coupled to the seat legs. In addition, the seat legs are desirably pivotably foldable to be stored in a storage space underneath the seat and the table legs are desirably pivotably foldable to be stored in a storage space underneath the table top.
